Counsellor guide

Student guide

WHAT IT IS

Your Excel planner, now a website in the CRM

Every enrolled student gets their own plan. The counsellor fills it in from the CRM; the student signs in to follow it and tick off their own tasks.

Part 1

Core journey

7 stages every student goes through once, plus any stage or task the counsellor adds. Skill Enhancers can hold a second internship or a third competition.

Part 2

Universities

One checklist per university: what it asks for, then documents, the application, interview, offer and visa.

Part 3

Documents & essays

Uploads, the signed declaration form, and SOPs and essays with review, feedback and a full edit history.

Part 4

Dates & meetings

Deadlines, a calendar, meetings with their emails and reminders, the team on the file and Recent changes.

COUNSELLOR · STEP 2

Send the student their login

- 1 **Read the yellow card.** It shows the sign-in page, the email and a temporary password.
- 2 **Click “Copy all”** and paste it into WhatsApp or email to the student.
- 3 **Click “I’ve sent them”** to hide the card.

Tip: The password shows only once. Missed it? Use Reset password on the Student login page.

Title

SOP – HEC Paris MiM

Type

Statement of Purpose

University

HEC Paris

Growing up in Jaipur, I watched my family's textile business navigate two downturns. Those years taught me that finance is not only about numbers but about the decisions people make under pressure.

At university I led our investment club's research on mid-cap manufacturers, and a summer at HDFC Bank showed me how credit decisions shape whole communities. I want to build the analytical toolkit and the international perspective to advise family businesses like the one I grew up in.

HEC's Master in Management, with its finance track and its exchange network, is where I can do that.

- 2 **Use the chips** to show only meetings, university deadlines, our deadlines or task dates.
- 3 **Hover over an entry** for its details. Click it to open it.
- 4 **Click a day** to see everything on it, or to add a meeting or deadline that day.

Tip: Finished tasks stay on the calendar in green. Tick “Hide finished” to clear them.

COUNSELLOR · STEP 16

Schedule a meeting

- 1 Click “Meeting” on the Calendar (or open a day). Add the title, date, time and length.
- 2 Choose how: Google Meet, Phone call or In person.
- 3 For Google Meet, create the room in Google Meet and paste its link. “Open Google Meet” opens a new room.
- 4 Say who is coming and who to email, then click “Schedule it”.

Tip: Start the email list with the student’s own address.

The screenshot displays the 'One Degree Journey planner' interface. On the left, a sidebar lists navigation options: Dashboard, Core journey, Universities, Documents, Deadlines, Calendar (highlighted), Team, Student login, and Help. The main area shows a student profile for 'Ananya Rao' with 'Masters - Fall 2027' and 'Steps done 15 of 72'. A 'Schedule a meeting' modal is open, containing the following fields and options:

- Title:** 'Offer review with parents'
- Date:** '17-10-2026' with a calendar icon.
- Time:** '04:00 PM' with a clock icon.
- Minutes:** '45'.
- How:** A dropdown menu set to 'Google Meet'.
- Join link:** 'https://meet.google.com/ubd-qmrz-hwe' with a 'Copy' button.
- Who is coming:** 'Ananya, parents, Meera'.
- Email the details to:** 'ananya.rao@mailbox.test, lakshmi.rao@mailbox.test'.
- Notes (the student sees these):** 'Where to meet, what to bring, what was agreed...'
- Checkboxes:** 'Email them the joining details when I save' and 'Remind them, and Meera Kapoor, the day before and on the day' (both checked).
- Buttons:** 'Cancel' and 'Schedule It'.

At the bottom of the modal, a note reads: 'Hover over an entry for its details, and click it to open it. Click a day to see everything on it, or to put a meeting or a deadline on it.'

The emails a meeting sends

- 1 When it is booked, everyone listed is emailed the joining details at once.
- 2 At 4:00 am the day before, a reminder goes to everyone listed and the student’s counsellor.
- 3 At 4:00 am on the day, one more reminder.
- 4 Moved? Fresh reminders follow it. “Send again” re-sends now; “Mark done” stops them.

Tip: These are plain emails, not calendar invitations. Each person gets their own copy.

Manage the student's login

- 1 Open Student login in the sidebar.
- 2 Check the status: active or switched off, and when they last signed in.
- 3 Reset password makes a new temporary one. Click twice to confirm.
- 4 Switch off login blocks sign-in but keeps the plan.

Tip: The admin password always opens the student's portal, even after they change their own.

See every change

- 1 Open the **Dashboard** and find Recent changes.
- 2 Each line says what changed, who changed it and when, newest first.
- 3 Lines since your last visit are marked New. “Show more” shows the rest.
- 4 The page keeps itself current; the round arrow at the top refreshes it now.

Tip: A burst of edits to one task reads as one line.

COUNSELLOR · STEP 20

Follow the student's updates

- 1 Open the student in the CRM and click the Timeline tab.
- 2 Look for “Student updated their planner”. Each tick, upload and essay sent for review shows here.
- 3 Reply or follow up from the timeline as usual.

- 1 Click “Journey planners” in the CRM sidebar.
- 2 The tiles count late tasks, essays to review, students not signed in and finished plans. Click one to filter.
- 3 Search and sort by name, email or lead ID; least or most progress; most late tasks.
- 4 Click a card to open that student’s planner in a new tab.

Help when you need it

- 1 **Open Help** in the planner's sidebar.
- 2 **Pick a topic tab:** each is a short, numbered walk-through.
- 3 **“Go to ...”** takes you to that page; Next moves to the next topic.
- 4 **“Download the PDF guide”** gives you this guide, to keep or send to a student.

Tip: The full CRM guide is under Team guide in the CRM sidebar.

Statement of Purpose

University

HEC Paris

Sent to your counsellor for review. You can still keep improving it while you wait.

Growing up in Jaipur, I watched my family's textile business navigate two downturns. Those years taught me that finance is not only about numbers but about the decisions people make under pressure.

At university I led our investment club's research on mid-cap manufacturers, and a summer at HDFC Bank showed me how credit decisions shape whole communities. I want to build the analytical toolkit and the international perspective to advise family businesses like the one I grew up in.

HEC's Master in Management, with its finance track and its exchange network, is where I can do that.

HOW PROGRESS IS COUNTED

(Included tasks – Not Applicable tasks)**

Shown as a count, like “15 of 72”, never a percentage. Tasks that are switched off are not counted at all. It is the same rule as the planner workbook.
